CHARACTERISTICS OF GEM

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

LETTER FROM THE BOARD

The Acquisition constitutes a discloseable transaction for the Company as the consideration of the Acquisition represents more than 5% but less than 25% under the applicable percentage ratios under Chapter 19 of the GEM Listing Rules.

Completion of the Acquisition is subject to various conditions precedent having been fulfilled failing which the Acquisition may not take place. Shareholders and investors should therefore exercise caution when trading in the Shares.

The purpose of this circular is to provide the B & B Shareholders with further details of the Acquisition.

Date of the Agreement

28th November, 2005

Parties to the Agreement

- (i) The Purchaser, a wholly owned subsidiary of the Company, as purchaser;
- (ii) Mr. Xu, Mr. Li, Mr. Lin, Mr. Miao, Mr. Jiang, Ms. Liu and Ms. Zhu, who are to the best knowledge, information and belief of the Directors, having made all reasonable enquiry, not connected persons of the Company (as defined in the GEM Listing Rules).

The Vendors were introduced to the Purchaser by an independent third party in the PRC not connected with the Company.

THE ACQUISITION

Under the Agreement, the Purchaser has agreed to acquire from the Vendors, free from rights of pre-emption, an aggregate of 51% of the registered capital of Bozone (as to 33.71%, 5.10%, 5.10%, 2.55%, 1.94%, 1.94% and 0.66% by Mr. Xu, Mr. Li, Mr. Lin, Mr. Miao, Mr. Jiang, Ms. Liu and Ms. Zhu respectively), at an aggregate cash consideration of RMB55,880,000 (equivalent to approximately HK\$53,731,000) which will (subject to the withholding of RMB8,200,000 (equivalent to approximately HK\$7,885,000)) be payable in full on Completion and be shared by the Vendors proportional to their interest in the registered capital of Bozone to be sold. The balance 49% of the registered capital of Bozone is held by independent third parties who are not connected persons of the Company (as that term is defined in the GEM Listing Rules). The Consideration shall be satisfied as to RMB33,000,000 (equivalent to approximately HK\$31,731,000) in cash from internal resources and RMB22,880,000 (approximately HK\$22,000,000) by the Company allotting and issuing the Consideration Shares (being 24,122,807 Shares calculated by reference to the last 10 days trading average of the price of the Shares on the Stock Exchange immediately before the date of the Agreement ie. \$0.912 per Share) representing approximately 5.00% of the issued share capital of the Company as at the date of this circular (being 482,130,000 Shares) and approximately 4.76% of the enlarged issued share capital of the Company taking into account the Consideration Shares) to the Vendors credited as fully paid. The Consideration Shares will be allotted and issued under the general mandate granted to the Directors at the annual general meeting on

LETTER FROM THE BOARD

31st October, 2005. The consideration was determined on an arms length commercial basis having regard to the audited accounts of Bozone for the year ended 31st December, 2004 and the management accounts for the period ended 31st August, 2005. No separate independent valuation had been conducted by the Company on Bozone. There will not be a change in control of the Company as a result of the allotment and issue of the Consideration Shares.

The Vendors have severally undertaken to the Purchaser that the Net Profit for the Relevant Period shall not be less than RMB8,200,000 (equivalent to approximately HK\$7,885,000, the "Guaranteed Profit"). If the Net Profit for the Relevant Period shall be less than RMB8,200,000 (equivalent to approximately HK\$7,885,000), then the amount of the shortfall shall be deducted from the consideration under the Agreement. As such, the Purchaser will on Completion withhold such amount as security for the Net Profit undertaking.

Based on Bozone's audited financial statements for the years ended 31 December, 2003 and 2004 which were prepared in accordance with PRC GAAP, the audited consolidated net assets value of Bozone as at 31st December, 2003 and 2004 were approximately RMB10,172,000 (equivalent to approximately HK\$9,781,000) and RMB10,423,000 (equivalent to approximately HK\$10,022,000) respectively. The audited profit before tax of Bozone for the years ended 31 December 2003 and 2004 were approximately RMB213,000 (equivalent to approximately HK\$205,000) and RMB147,000 (equivalent to approximately HK\$141,000) respectively. The audited profit attributable to Bozone shareholders for the years ended 31 December 2003 and 2004 were approximately RMB172,000 (equivalent to approximately HK\$165,000) and RMB110,000 (equivalent to approximately HK\$106,000) respectively.

Based on Bozone's unaudited financial statements for the eight months ended 31st August, 2005 which were prepared in accordance with PRC GAAP, the net asset value of Bozone as at 31st August, 2005 was approximately RMB13,628,000 (equivalent to approximately HK\$13,104,000) and the profit attributable to its shareholders for the eight months ended 31st August, 2005 was approximately RMB2,911,000 (equivalent to approximately HK\$2,799,000). The surge in profit attributable to Bozone shareholders for the eight months ended 31st August, 2005 is due to an approximately RMB4,135,000 (equivalent to approximately HK\$3,976,000) income arising from the agreement for the provision of technical support and service for the Longjiangfengcai computer-generated lottery hotline sales system with the Heilongjiang Province Welfare Lottery Issue Centre which commenced on 1st January, 2005.

The purchase price for the Sale Shares was determined after arm's length negotiation between the Company and the Vendors, having taken into account the net asset value of Bozone as at 31 August 2005 and the actual financial results of Bozone for the eight months ended 31st August, 2005. The Consideration represents a valuation of approximately 13 times of the Guaranteed Profit for the year ending 31st December, 2005. The Consideration also represents a valuation of approximately 8 times over the net assets value of Bozone as at 31 August 2005. When determining the fair and reasonableness of the valuation of Bozone, the Directors had made reference to the pricing of a similar business transaction carried out by Kantone Holdings Limited (Stock Code: 1059, "Kantone") in September 2005. Based on the information as disclosed in the circular of Kantone dated 17 September 2005, Kantone acquired a controlling stake in a company which is principally engaged in the development and provision of paperless lottery operating systems and other technological support to PRC governmental lottery administration authorities in respect of government-organized welfare lottery business. The reason Kantone was used as

LETTER FROM THE BOARD

a reference is because: (i) it is the most relevant reference that can be found recently for listed companies in Hong Kong – the Directors had also examined some of the transactions which involved social welfare lottery sales but they involved setting up joint ventures of which the structure is quite different from Kantone's transaction and the Company's transaction; (ii) the nature of services of the Kantone acquisition target and Bozone are similar, namely, system development and maintenance services on systems for and assist in sales of social welfare lottery; (iii) their income model are similar, specifically, on percentage of social welfare lottery sales that are processed by the system supported; and (iv) the market is the same ie. information technology relating to social welfare lottery in the PRC.

The Directors, including the independent non-executive Directors, consider that the purchase price for the 51% interest in Bozone is fair and reasonable so far as the Company and its Shareholders are concerned, and it is the present intention of the Board that the purchase price will be satisfied by the internal resources of the Group.

Conditions for Completion

Completion is conditional upon fulfillment (or waiver) of the following conditions on or before 31st March, 2006:

- (A) the clearance of all announcement(s) and circular(s) required to be issued by B & B under the GEM Listing Rules and granting of all approvals, if necessary by the Stock Exchange in respect of all transactions contemplated by this Agreement including the Stock Exchange granting listing of, and permission to deal in, the Consideration Shares;

- (D) the Purchaser having despatched a circular to its shareholders in connection with the transaction contemplated herein as required under Chapter 19 of the GEM Listing Rules;
- (E) the warranties in the Agreement remaining true and accurate and not misleading at Completion as if repeated at Completion and at all times between the date of the Company's announcement on 1st December, 2005 and Completion;
- (F) all reasonably relevant approvals, consents, licences and/or permits in relation to the transaction contemplated hereunder, including without limitation from the PRC Foreign Exchange Bureau, Industry and Commerce Bureau and the Ministry of Foreign Trade and Economic Co-operation, having been obtained;

LETTER FROM THE BOARD

- (G) the due valid and legal completion of the changing of Bozone from a limited liability company to a Chinese-foreign equity joint venture;
- (H) such PRC legal opinion in the form satisfactory to the Purchaser as the Purchaser may require with respect to the transactions contemplated pursuant to the Agreement.

All and any of the above conditions precedent may be waived by the Purchaser. A further announcement will be made in case the Directors decide to waive any of the conditions precedent stated above. The Directors do not currently have any intention to waive any of the above conditions precedent.

In respect of condition (B) above, the Group has undertaken, among others, the following due diligence on the Bozone Group prior to the signing of the Agreement:

- conducted site visits at the premises at which the operations of the Bozone Group is situated;
- met with the senior management of Bozone;
- reviewed financial statements of the Bozone Group;
- commenced its legal due diligence exercise, including, among others, review of certain of the corporate documents of each member of Bozone, the co-operative agreements entered into by Bozone with other regional welfare lottery issue centres in the PRC;
- engaged Hills & Co., which are qualified lawyers in the PRC and are independent of and not connected with the Group, as the Company's PRC legal advisers to advise the Group in respect of the PRC legal matters of this transaction;
- met with the Company's Hong Kong legal advisers and the PRC legal advisers to review and discuss the agreements, licences and corporate structure of Bozone.

Such due diligence is ongoing and has not been completed as at the Latest Practicable Date. Based on the results of the due diligence exercise conducted by the Company and its advisors so far, the Directors are not aware of any problems which may prevent the completion of the Acquisition. Furthermore, based on the due diligence exercise conducted so far by the Company, Bozone has obtained all relevant government approvals (where necessary) in order for it to carry on its business in the PRC. The PRC lawyers have indicated that based on their due diligence conducted so far and the description of the business conducted by Bozone provided by the Bozone Group, they concur with Bozone that it and its ancillary companies have obtained all relevant governmental approvals required to carry on the business within the business scope described in their business licences.
