INTERIM RESULTS ANNOUNCEMENT FOR THE SIX MONTHS ENDED 31 DECEMBER 2011

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the board of directors of China Vanguard Group Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Exchange for the purpose of giving information with regard to the Company. The directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

No provision for Hong Kong profits tax has been made as the Group did not have any assessable profits arising in Hong Kong for the three months and six months ended 31 December 2011 (three months and six months ended 31 December 2010: HK\$nil).

Taxation for other jurisdictions is calculated at the rates prevailing in the respective jurisdictions.

7. EARNING/(LOSS) PER SHARE (UNAUDITED)

For continuing and discontinued operations

The calculation of the basic and diluted earnings/(loss) per share attributable to the ordinary equity holders of the Company is based on the following data:

Earnings/(loss)

	Three months ended		Six months ended	
	31 December	31 December	31 December	31 December
	2011	2010	2011	2010
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Earnings/(loss) for the purposes of basic and diluted earnings/(loss) per share	(9,256)	(32,825)	(7,414)	20,213

Number of shares

	Three months ended		Six months ended	
	31 December	31 December	31 December	31 December
	2011	2010	2011	2010
	'000	'000	'000	'000
Weighted average number of ordinary shares for the purposes of basic earnings/(loss) per share	3,268,524	3,211,894	3,265,209	3,211,894
Effect of dilutive potential ordinary shares:				
Share options	425	–	5,605	–
Weighted average number of ordinary shares for the purposes of diluted earnings per share	3,268,949	3,211,894	3,270,814	3,211,894

No diluted loss per share has been presented for continuing and discontinued operations for the three months and six months ended 31 December 2011 and for the three months ended 31 December 2010, as exercise of the outstanding share options, warrants and convertible bonds of the Company would result in a decrease in loss per share.

7. EARNING/(LOSS) PER SHARE (UNAUDITED) (Continued)

From continuing operations

The calculation of the basic loss per share from continuing operations attributable to the ordinary equity holders of the Company is based on the following data.

	Three months ended 31 December 2011		Six months ended 31 December 2011	
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Profit/(loss) for the period attributable to equity holders of the Company	(9,256)	(32,825)	(7,414)	20,213
Less: Profit/(loss) for the period from discontinued operations	–	(16,720)	–	40,600
Loss for the purposes of basic loss per share from continuing operations	(9,256)	(16,105)	(7,414)	(20,387)

The denominator used is the same as those detailed above for basic earnings/(loss) per share.

No diluted loss per share has been presented for continuing operations for both periods as exercise of outstanding share options, warrants and convertible bonds of the Company would result in a decrease in loss per share.

From discontinued operations

Since there is no profit or loss from discontinued operations for the three months and six months ended 31 December 2011, no basic and diluted earnings per share for these periods have been presented.

Basic earnings/loss per share for the discontinued operations for the three months and six months ended 31 December 2010 were loss of approximately HK0.52 cent and profit of approximately HK1.26 cents per share respectively based on the loss of approximately HK\$16,720,000 and profit of approximately HK\$40,600,000 respectively.

Diluted earnings per share for the discontinued operations for six months ended 31 December 2010 was profit of approximately HK1.26 cents based on the profit of approximately HK\$40,600,000. No diluted loss per share has been presented for discontinued operations for the three months ended 31 December 2010, as exercise of outstanding share options, warrants and convertible bonds of the Company would result in a decrease in loss per share.

MANAGEMENT DISCUSSION AND ANALYSIS

Financial Review

The Group is principally engaged in the provision of lottery-related software, equipment and services to the Welfare Lottery Issuing Centres in China and also the provision of equipment and value added services (“VAS”), such as royalty collection and lottery related services (amongst others), to the entertainment industry in China. For the six months ended 31 December 2011 (“Period 2011”) the Group recorded total revenue of HK\$56,589,000, up 4.7% over the previous corresponding period’s HK\$54,051,000. The increase in revenue was predominantly due to an increase in revenue at the Group’s entertainment value added services and royalty collection operations. For Period 2011, the Group recorded a net loss attributable to equity holders of the Company of HK\$7,414,000 against a net profit of HK\$20,213,000 in the previous corresponding period (“Period 2010”). Factoring out exceptional profits of HK\$40,600,000 from discontinued operations in Period 2010, net losses from continuing operations were reduced by 63.6% to HK\$7,414,000 for Period 2011 against net losses of HK\$20,387,000 for Period 2010. The reduction in losses would have been even larger were it not for rising costs at Shenzhen Shang-Gang Technology Co. Limited and its subsidiaries (“Shang-Gang Group”), a wholly owned subsidiary which began operations in early 2011 to develop synergistic products and businesses between the Group’s operating divisions.

Revenues from the lottery-related operations amounted to HK\$27,233,000 for Period 2011, a decrease of about 9% as compared to HK\$29,914,000 recorded for Period 2010 while gross profit margin increased by 3% from 89% for Period 2010 to 92% for Period 2011. Attributable revenues from the Karaoke VAS operations amounted to HK\$25,420,000, for the Period 2011, a period-on-period increase of about 22.9%.

With better cost control measures in place, the Group operating costs for continuing operation for Period 2011 were about HK\$51,176,000 as compared to about HK\$59,581,000 for Period 2010, representing a reduction of HK\$8,405,000 or a period-on-period improvement of 14%.

Business Review

Our operations continued their steady progress during Period 2011 as illustrated by the 63.6% reduction in recurrent losses for continuing operations compared to the previous corresponding period.

Lottery-related Operations

The Group's traditional lottery-related operations include a variety of lottery-related software, equipment and services for provision to the Welfare Lottery in China. These operations work with the Welfare Lottery Centres of Shenzhen, Heilongjiang and Zhejiang. The acquisition of Bozone's minorities was completed in July 2011 lifting the Group's ownership of the operations from 51% to 100%.

The Group is continuing to make strides in enhancement and upgrading of existing products and services. In July 2011, the Group secured World Lottery Association (WLA) Associate Membership. In October 2011, the Group gained ISO 27001:2005 accreditation, an International Standard for Information Security. Further to this, the Group has now applied for WLA Security Control Standard (WLA SCS) certification. This is the lottery sector's only internationally recognized security standard. The WLA SCS couples a comprehensive information security management baseline incorporating ISO 27001 with additional lottery-specific security controls representing current security best practice.

We are also broadening its product and service offerings. As mentioned in the 1Q 2011 results, we are pursuing the introduction of its newly developed "Happy Ten" game into a number of potential jurisdictions and is working with a top international lottery equipment company on exploring and developing potential areas of cooperation in the Welfare Lottery space. Further to this, is the Group is now also exploring lottery logistics-related products and services.

We are now moving downstream into establishment of point of sales outlets for Welfare Lottery products. The first outlet was recently opened in Tianjin and we are currently looking for more sites in Tianjin as well as further similar opportunities in other jurisdictions in China. Currently we are exploring point of sales establishment in three additional jurisdictions outside Tianjin.

Entertainment VAS operations

Our entertainment VAS operations which currently focus on the provision of video-on-demand ("VOD") equipment, royalty collection and lottery related services (amongst others) to the karaoke industry continues to make good progress.

Our VOD system is the industry's first VAS and lottery capable set top box based in-room song selection system. Launched in the last fiscal year, response by the market has been very positive and sales continue to proceed well. Not only is the system state of the art in terms of song selection, audio and video output, special effects and drinks and food ordering, it is also capable of linking to the Welfare Lottery Issuing Centre for lottery game play and it is also capable of running advertising via multiple advertising formats: on the song selection screen, the screen where the songs are being displayed or another totally dedicated screen for advertising.

This system provides us with an exclusive integrated technology platform to turn karaoke rooms into lottery point of sales. In December 2010, we gained Chongqing Welfare Lottery Issuing Centre's approval, using this system, to offer Welfare Lottery games in karaoke venues in Chongqing on an exclusive basis. This enables us to work with karaoke venues in Chongqing to establish them as lottery point of sales. During Period 2011, we rolled out, on a limited basis, our system to various venues in Chongqing to optimise games and venue formats before an aggressive rollout. The system and equipment has been performing admirably, has been well received by the market and has gained strong support from the Chongqing Welfare Lottery Issuing Centre. In mid September to October 2011, Chongqing Welfare Lottery Issuing Centre bundled KTV lottery outlets and specialty stores together and held a promotion campaign in the form of an organized competition. This promotion saw over 5,000 competitors registered and saw average daily sale per terminal exceed expectations proving the feasibility of the KTV lottery outlets and specialty stores.

Meanwhile, the team has working diligently on replicating the success in Chongqing and the idea of establishing karaoke venues as points of sales for Welfare Lottery products has been well received by Welfare Lottery Centres in a number of jurisdictions.

The gearing ratio was 0% as at 31 December 2011 (30 June 2011: approximately 0.7%). Gearing ratio is calculated as non-current liabilities divided by total equity.

Exposure to fluctuations in exchange rates and any related hedges

No significant exchange risk is expected as the Group's cash, borrowings, income and expenses are settled in Hong Kong dollars, RMB or US dollars. The Group's major investment and financing strategies are to invest in domestic projects in the PRC by Hong Kong dollars and US dollars borrowings. As the exchange rate of RMB against Hong Kong dollars is relatively stable and the Group's operating income is substantially denominated in RMB, the Group did not perform any foreign currency hedging activities during the period. Nevertheless, the Group will from time to time review and adjust the Group's investment and financing strategies based on the RMB, US dollars and Hong Kong dollars exchange rate movement.

During the six months ended 31 December 2011, there was no material change in the capital structure of the Group.

Significant investments, acquisitions and disposal

In July 2011, the Group completed the acquisition of 49% and 1% interests in Cheerfull Group Holdings Limited and Shenzhen Longjiang Fung Cai IT Co. Ltd for cash consideration of HK\$27,200,000 and RMB252,100 (approximately HK\$303,000) respectively. Upon completion of the acquisition, the Group increased its ownership from 51% to 100% and 99% to 100% respectively.

On 14 October 2011 the Company announced the acquisition of 55% of Chongqing Lightsoft Technology Development Co. Ltd for a consideration of RMB3,751,000 (equivalent to approximately HK\$4,589,000). The transaction has not been completed as of the date of this announcement. For further details, please refer to the announcements of the Company dated 14 October 2011 and 13 January 2012 respectively.

Save for the above, the Group did not make any material acquisition or disposal of subsidiaries and affiliated companies during the six months ended 31 December 2011.

Employees

The Group, including jointly controlled entities, employed 748 employees as at 31 December 2011 (30 June 2011: 770). Employees' remuneration is in line with market conditions, working experience and performance. In addition to basic salaries and provident fund contributions, the Group also offers medical benefit and training programs.

Future Outlook and Prospects

It is the Group's strategy to enhance and maximise existing operations through continued product and service development and achievement of greater market share. Further to this, utilise the expertise and resources with each operating unit of the Group to develop new synergistic products and businesses strengthening the business of each operating unit and creating new business opportunities.

We are optimistic about the outlook for our traditional lottery operations. Consequently we increased our stake in Bozone, our traditional lottery-related operation arm, from 51% to 100%. Bozone's operations, as well as the entire China Lottery Industry, are expected to continue to experience strong organic growth with the backdrop being highly positive with even China's "Twelfth Five-Year Plan" which had mentioning the need to expand and grow the lottery industry in China. Growth will be further enhanced by the introduction of the game Happy Ten to a number of jurisdictions and its expansion downstream into point of sales outlets for Welfare Lottery Products. Meanwhile, we will continue to work on adding additional territories for our traditional lottery-related operation and solutions business.

We announced on 14 October 2011 that we were buying a 55% equity interest of Chongqing Lightsoft for the consideration of RMB3,751,000 (equivalent to approximately HK\$4,589,000) from CCDDT. The purchase price is equivalent to a historic PE ratio of 2.6, based on the unaudited 12 month net profits to 30 June 2011. Lightsoft is the Group's VOD supply arm. The acquisition of Lightsoft is an important part of the Group's strategy to rollout value added services in karaoke venues.

The Group will continue to develop attractive and exciting games for sale in karaoke venues. Aggressive rollout to karaoke venues in Chongqing is planned to commence in the latter part of this calendar year. Meanwhile, we are working hard to gain similar approvals to that of Chongqing with Welfare Lottery Issuing Centres in a number of jurisdictions in China.

Further to the above, we are not only continuing the development of our karaoke related VAS, lottery and hardware development, but also on broader lottery game and console development for deployment in other venue types.

Meanwhile, with the clarification of the law regarding copyright infringement as a criminal offence, the Group believes this will greatly facilitate the royalty collection efforts thereby enhance this segment's performance.

COMPETING INTERESTS

None of the Directors or the management shareholders of the Company or any of their respective associates (as defined in the GEM Listing Rules) had any business that competed or might compete with the business of the Group.

CORPORATE GOVERNANCE

The Company has committed itself to a high standard of corporate governance. The Directors strongly believe that reasonable and sound corporate governance practices are vital to the Group's rapid growth and to safeguarding and enhancing shareholders' interests.

The provision A.4.1 of the Code on Corporate Governance Practices (the "Code on CGP") as set out in Appendix 15 of the GEM Listing Rules provides that Non-executive Directors should be appointed for specific terms, subject to re-election. The Company has deviated from this provision in that all Independent Non-executive Directors are not appointed for specific terms. They are, however, subject to retirement and re-election every three years. The reason for the deviation is that the Company does not believe

that arbitrary term limits on Directors' service are appropriate given that Directors ought to be committed to representing the long term interests of the Company's shareholders and the retirement and re-election requirements of Independent Non-executive Directors have given the Company's shareholders the right to approve continuation of Independent Non-executive Directors' offices.

Except for the deviation from the provision A.4.1 of the Code on CGP, the Company has complied with all remaining provisions of the Code on CGP during the six months ended 31 December 2011.

The Directors will review the corporate governance structure and practices from time to time and shall make necessary arrangement when the Board consider appropriate.

CODE OF CONDUCT REGARDING SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the code of conduct for securities transactions by Directors on terms no less exacting than the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules (the "Code"). Having made specific enquiry of all Directors, the Company was not aware of any non-compliance with the required standard as set out in the Code throughout the six months ended 31 December 2011.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Articles or the laws of the Cayman Islands which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

AUDIT COMMITTEE

The Company has established an audit committee with written terms of reference in compliance with Rules 5.28 to 5.33 of the GEM Listing Rules. The primary duties of the audit committee are to review the Company's annual report and accounts, half-year reports and quarterly reports and to provide advice and comments thereon to the Board. The audit committee is also responsible for reviewing and supervising the Company's financial reporting and internal control procedures. The audit committee consisted of four independent non-executive directors, namely Mr. Zhang Xiu Fu, Mr. Tian He Nian, Mr. Yang Qing Cai and Mr. To Yan Ming Edmond. Mr. To Yan Ming Edmond is the chairman of the audit committee. The Group's unaudited results for the six months ended 31 December 2011 have been reviewed by the audit committee which was of the opinion that the preparation of such results complied with applicable accounting standards and requirements and that adequate disclosures had been made.

PURCHASES, SALE OR REDEMPTION OF THE COMPANY'S LISTED SHARES
