Establishing Strategic Cooperation with Zhuhai Huafa Group

Feb 2020

- In the initial stage of the outbreak of COVID-19 in 2020, the Group has procured and supplied Personal Protective Equipment worldwide by taking advantage of its own business resources and networks.
- In order to jointly provide medical supplies to governments, official institutions and enterprises in several provinces and cities in Mainland China, the Group and Zhuhai Huafa Group have established strategic cooperation in the following aspects
 - Jointly dig into the demand of the medical market
 - Cooperation in Comprehensive Health industry chain
 - Capital market financial services

Cooperation

◆ Jointly dig into the demand of the medical market

- Through the cooperation in procuring and supplying emergency medical supplies with Zhuhai Huafa Group during the outbreak of the COVID-19, the two parties successfully jointly expanded customer base in demand and developed logistics channels. We will use our own resources and networks to expand market share for own products in different markets.

◆ Cooperation in Comprehensive Health industry chain

- Based on its business layout in the fields of biomedicine and medical equipment, Zhuhai Huafa Group established extensive cooperation with the Group in the field of Comprehensive Health, focusing on investment, technological innovation, R&D and production, promotion channels and market sales. The two parties started our cooperation with the manufacturing of Personal Protective Equipment, and then will expand the businesses in related to related goods, technology and channels.

◆ Financial services for capital market

- Zhuhai Huafa Group plans to cooperate with the Group through its financial department in joint marketing, collaborative projects, customer recommendations, etc., to make full use of the resources of subsidiaries of Zhuhai Huafa Group.

We are on the way.....

- Zhuhai Huafa Group is the largest comprehensive enterprise in Zhuhai, Fortune China 500; AAA credit rating.
- Business covers more than 50 cities across the country and 7 overseas countries
- Rely on its own rich industrial and financial resources, applying innovation + technology to achieve valuable enhancement
